Max Planck Encyclopedia of Public International Law:

Subscribe to Open

We have reached our goal for renewals for a second year and the *Max Planck Encyclopedia of Public International Law* will continue to publish on a Subscribe to Open model.

Thanks to the support of our customers, this valuable content will be freely accessible to everyone through to at least March 2027.

Each year, if enough customers renew their subscriptions, the *Max Planck Encyclopedia of Public International Law* will remain open to all. This ensures ongoing access to high quality, peer-reviewed articles on every aspect of international law for students, scholars, practitioners, and governments worldwide.

Oxford Open

The **Oxford Open** series, which launched in 2020, is OUP's flagship OA journal series.

Titles in this series further OUP's mission to support excellence in research, scholarship, and education by providing additional high-quality and fully OA venues for researchers to disseminate their work.

Underpinned by principles of open research, **Oxford Open** is growing to include cutting-edge research in a wide range of disciplines such as Climate Change, Economics, and Neuroscience.
