top 50 universities
(QS Top Universities)

TOP 3 REASONS TO USE COMPENDEX:

Drill into unknown subject area

Choose the topic for your doctoral or master thesis

Find a critical paper for your area of research

DID YOU KNOW?

Engineers spend on average **4 hours** per week **searching** for information and inspiration in their field.

It is getting **more difficult** to find relevant results - especially on general databases due to information overload.

missing a critical paper can be costly in time, effort, money

IT WOULD HELP IF:

...someone **demonstrates to you how to navigate** the world of engineering literature?

...you **Save time** searching & get **deep insight** into the work published in your engineering discipline

JOIN US FOR COMPENDEX TRAINING

Ei Compendex is the **broadest** and **most complete** engineering literature database available in the world. It provides a truly holistic and global view of **peer reviewed** and **indexed** publications with over **17 million records** from 73 countries across 190 engineering disciplines.

The 45 minute demonstration will cover:

- **Content:** Overview of Compendex content, disciplines and selection criteria
- **Detailed How To:** Use quick search to get overview, use expert search to find specific results, use thesaurus search to not miss on anything out
- Your questions and answers
